# Website Screenshots and Topic Explanations

## Ordered project report: Shopperstop, Sweet Bakery, and Explore India

## Contents

01. Shopperstop – Home page

02. Shopperstop – Products section

03. Sweet Bakery – Home page

04. Sweet Bakery – Products and contact

05. Explore India – Header and destinations introduction

06. Explore India – Destinations and monuments

07. Explore India – Festivals and cuisine

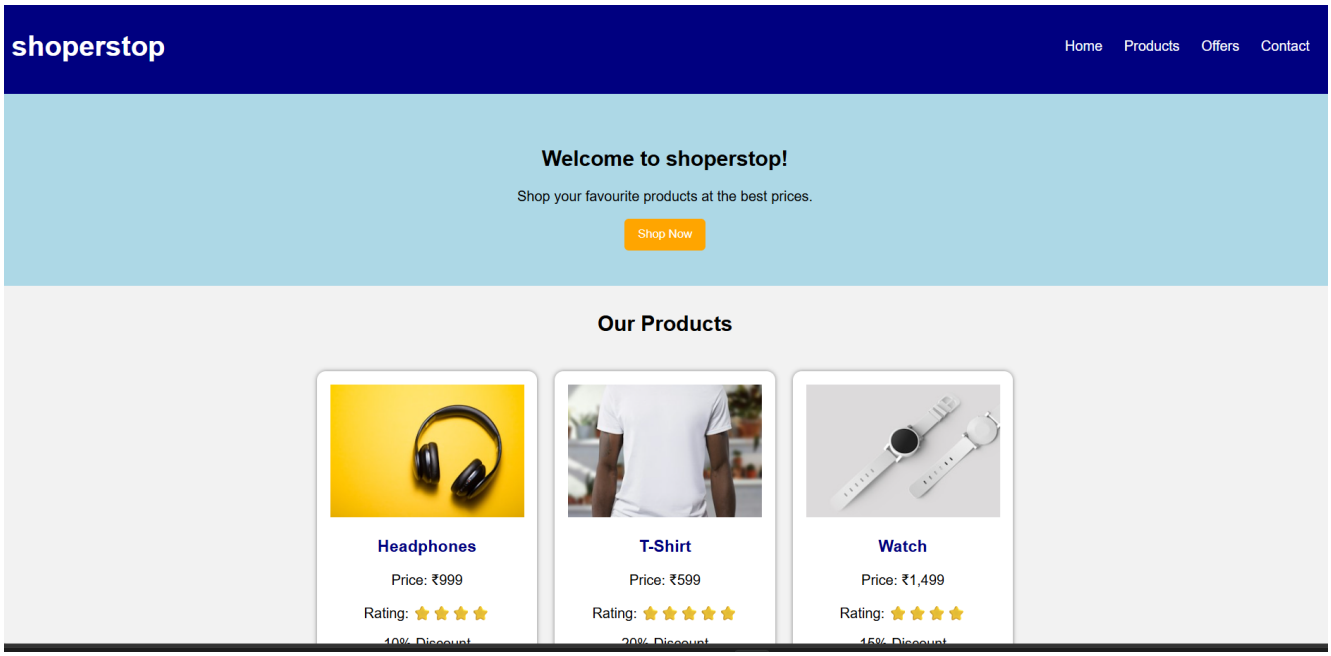

08. Explore India – Cuisine and travel tips

09. Explore India – Footer and closing section

This report arranges the supplied screenshots in website order and explains the purpose and main features shown in each section.

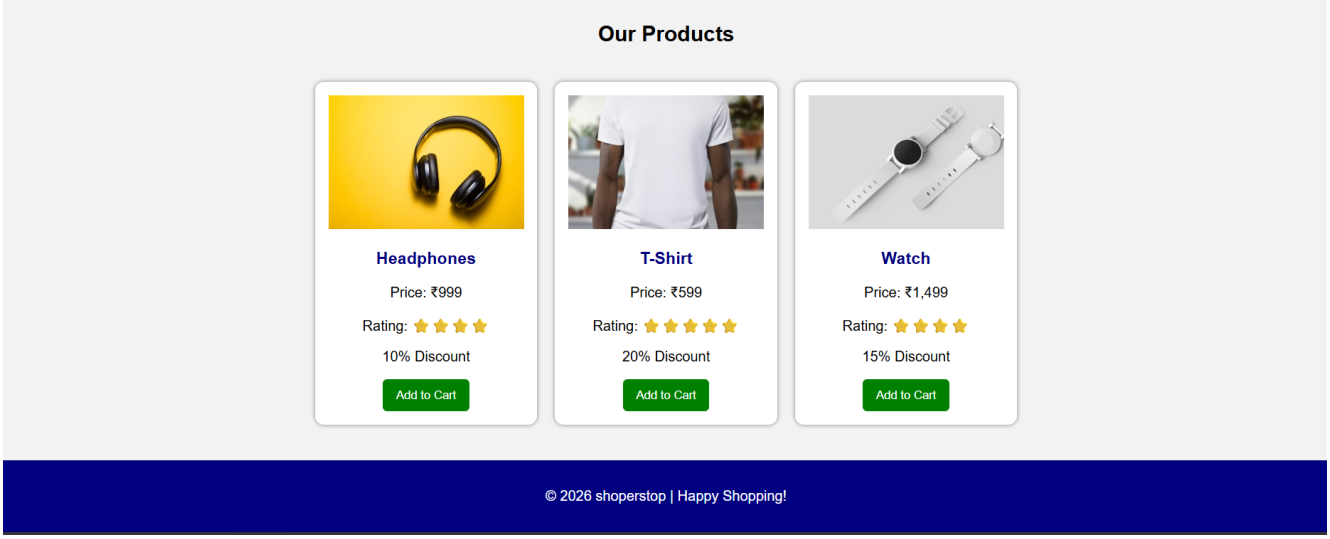

# 01. Shopperstop – Home page

This page introduces the online shopping website, shows the navigation menu, welcomes visitors, and provides a “Shop Now” button. The blue header and light-blue welcome section make the page easy to recognize.

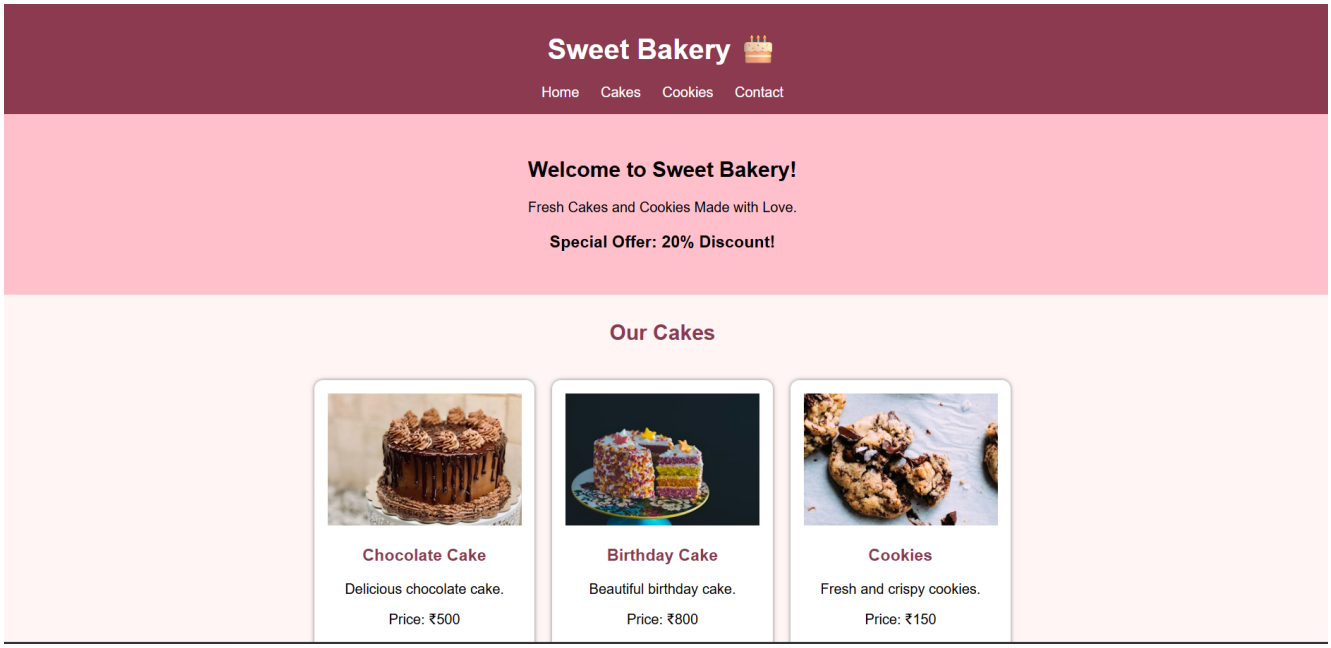

# 02. Shopperstop – Products section

This section displays product cards for headphones, a T-shirt, and a watch. Each card includes a product image, price, star rating, discount, and an “Add to Cart” button. The cards use spacing, borders, and shadows to separate products clearly.

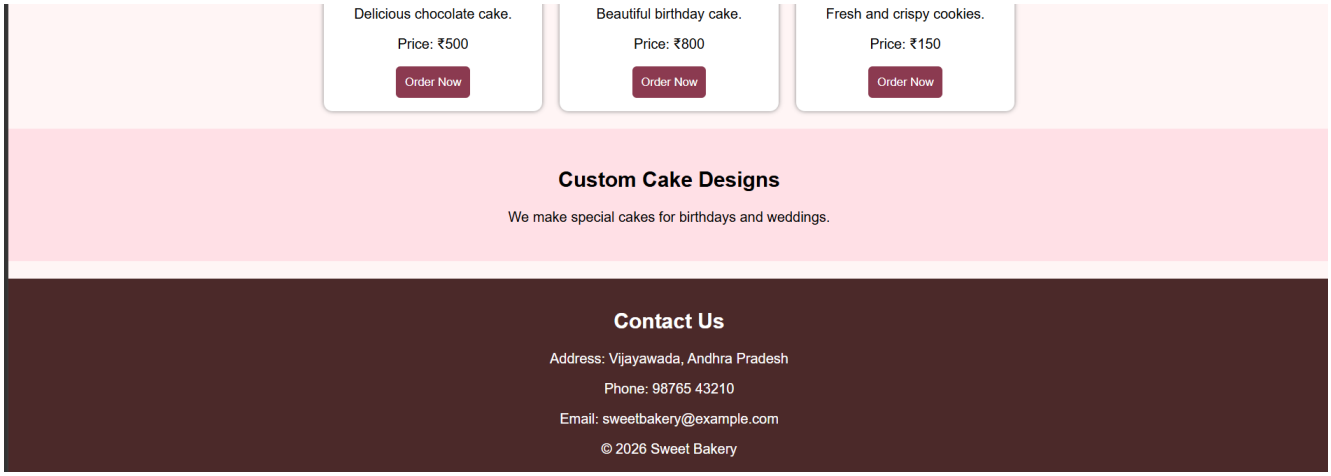

# 03. Sweet Bakery – Home page

This page introduces Sweet Bakery with a title, navigation links, a welcome message, and a special 20% discount offer. The pink and maroon colour scheme supports the bakery theme.

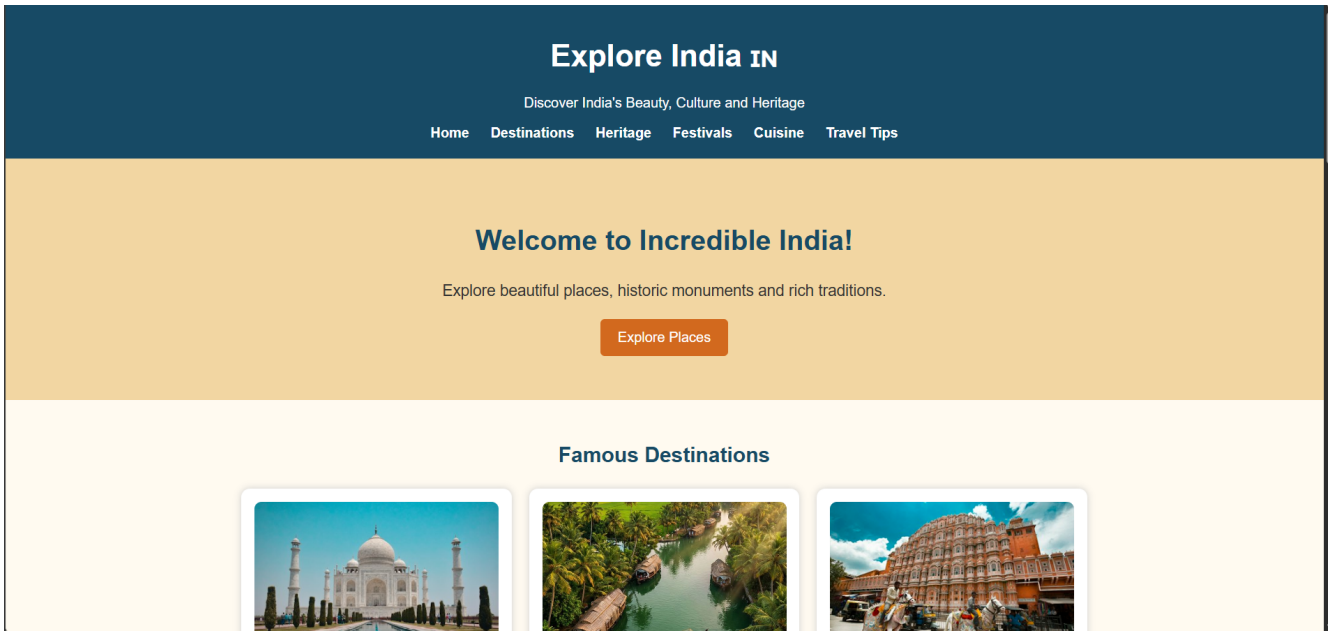

# 04. Sweet Bakery – Products and contact

The product cards show chocolate cake, birthday cake, and cookies with descriptions, prices, and “Order Now” buttons. The custom cake section explains that special cakes can be made for birthdays and weddings. The footer gives the bakery’s address, phone number, email, and copyright text.

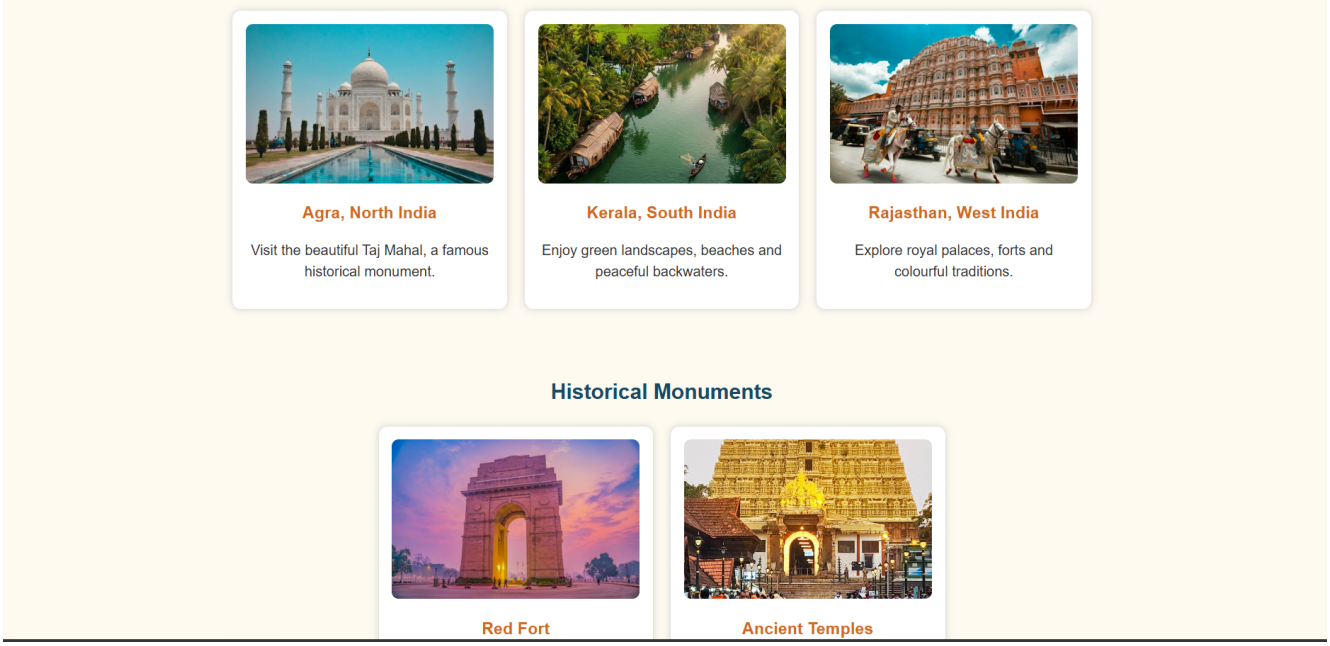

# 05. Explore India – Header and destinations introduction

The tourism website starts with the title “Explore India,” a short description, and navigation links to Home, Destinations, Heritage, Festivals, Cuisine, and Travel Tips. The welcome section invites visitors to explore Indian places, monuments, and traditions.

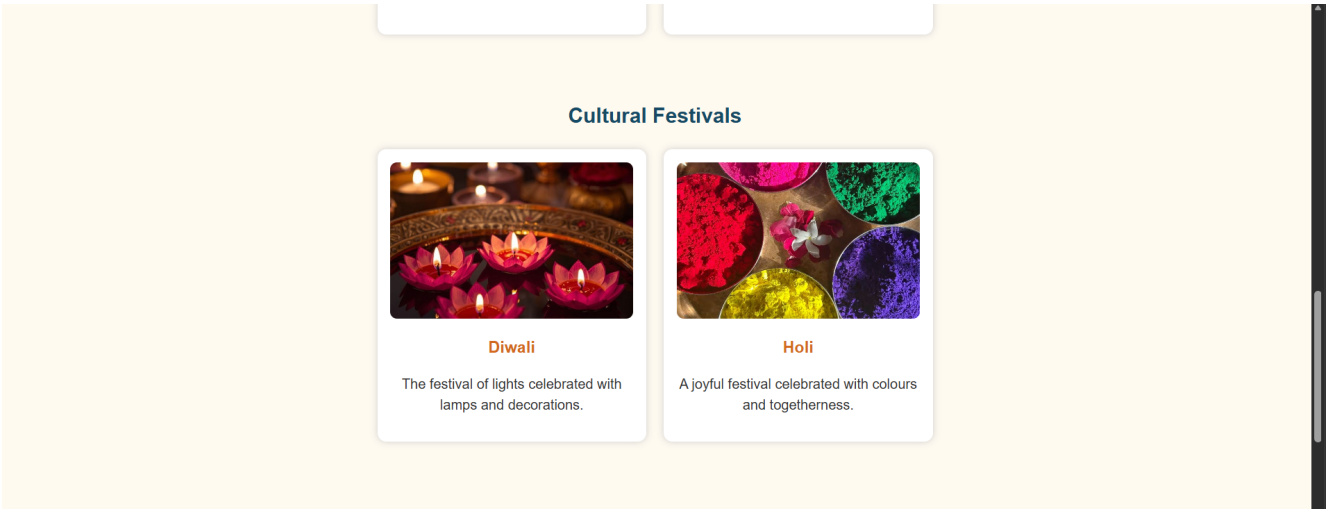

# 06. Explore India – Destinations and monuments

The destination cards introduce Agra in North India, Kerala in South India, and Rajasthan in West India. The historical-monuments section begins below, with images representing famous landmarks and temples.

# 07. Explore India – Festivals and cuisine

The cultural-festivals section features Diwali and Holi, with short descriptions of each celebration. The cuisine section presents examples of Indian food, including Hyderabadi biryani and a traditional Indian meal.

# 08. Explore India – Cuisine and travel tips

This screenshot continues the cuisine cards and shows practical travel tips: carry identity documents, check the weather, respect local traditions, keep historical places clean, book travel in advance, and buy souvenirs responsibly.

# 09. Explore India – Footer and closing section

The final section includes the “Explore India” footer, a short tourism message, a contact email, and copyright information. It provides a clear ending to the tourism webpage.
